Sanford Health

Roger Maris Cancer Center
820 4th St N.
Fargo, ND 58102
January 26th, 2025

Dear Sanford Health,

I am writing to express my interest in the Oncology APP position at Roger Maris Cancer Center as advertised. With experience in oncology and internal medicine, I am equipped to fulfill the comprehensive care responsibilities outlined in your job description, ensuring high-quality patient care and collaboration with interdisciplinary teams.

During my time at Sanford Health Oncology as an RN, I effectively collaborated with a multidisciplinary team to manage the care of solid tumor and heme patients, preparing me to recognize oncology-related issues and implement interventions swiftly. Additionally, my ability to quickly adapt to the needs of diverse providers and work efficiently in a fast-paced environment has prepared me to manage complex patient care and full schedules.

My experience as a Nurse Manager at IMA Healthcare further enhances my ability to develop and implement treatment plans in collaboration with physicians. I successfully managed teams to facilitate efficient patient flow. My capacity to coordinate discharge plans and provide follow-up care complements the continuity of care that [Company's Name] emphasizes across various settings.

Furthermore, as the Founder of Minnesota Med Spa, I established a practice known for excellent patient satisfaction. Here, I honed my interpersonal skills, providing consultations and patient support, reflecting the compassion and confidence needed for supervising and supporting patients in their journey through cancer.

I am eager to bring my clinical experience, patient-centered approach, and dedication to improve outcomes at Sanford Health. Thank you for considering my application. I look forward to the opportunity to discuss how I can contribute to your respected team.

Sincerely,
Megaan Cianci, RN, APRN, AGPCNP
